BOATING REGULATION SUMMARY

1. Sewage in all pleasure craft, including houseboats, must be retained in suitable equipment.
2. Equipment suitable for the purpose of the Regulation includes:
 - 1) Retention devices with or without recirculation features which retain all toilet waste for disposal ashore.
 - 2.) Incineration devices which reduce to ash all sewage and toilet waste.
3. Suitable equipment shall (1) be non-portable, (2) be constructed of structurally sound material, (3) have adequate capacity for expected use, (4) be properly installed, and (5) in the case of storage devices, be equipped with the necessary pipes and fittings conveniently located for pump-out by shore-based facilities. (Although not specified, a pump-out deck fitting with 1½ inch National Pipe Thread (NPT) is commonly used.)
